Table of Contents: Volume 12 (2000)

Number 1

Manufacturing Flexibility: Assessing Managerial Perception and Utilization ..... *Marcio Zukin and Paulo R. T. Dalcol* 5

An Analytical Queueing Network Model for Flexible Manufacturing Systems with a Discrete Handling Device and Transfer Blockings ..... *David De Almeida and Patrick Kellert* 25

Stable Earliest Starting Schedules for Cyclic Job Shops: A Linear System Approach ..... *Tae-Eog Lee* 59

Bottleneck Allocation Methodology: An Integrated Manufacturing Management Model—A Systems Study ..... *Gerhard Plenert* 81

Contributing Authors 103

Instructions to Authors 105

Numbers 2/3

Special Issue on Information-Based Manufacturing: Technology Strategy and Industrial Applications
Guest Editors: Michael J. Shaw and William Fulkerson

Introduction to the Technology Strategy and Industrial Applications of Information-Based Manufacturing ..... *Michael J. Shaw and William Fulkerson* 111

Information-Based Manufacturing with the Web ..... *Michael J. Shaw* 115

Information-Based Manufacturing in the Informational Age ... *William Fulkerson* 131

Product Hardware Complexity and Its Impact on Inventory and Customer On-Time Delivery ..... *Grace Y. Lin, Richard Breitwieser, Feng Cheng, John T. Eagen, and Markus Ettl* 145

Agent-Oriented Supply-Chain Management ..... *Mark S. Fox, Mihai Barbuceanu, and Rune Teigen* 165

Design-to-Manufacturing Information Management for Electronics Assembly ..... *Thomas M. Tirpak* 189

Manufacturing Cost Modeling for Product Design ..... *Angela Locascio* 207

Information-Based Dynamic Manufacturing System Scheduling ..... *Selwyn Piramuthu, Michael J. Shaw, and William Fulkerson* 219

Contributing Authors 235

Instructions to Authors 239

Number 4

Special Issue on Business-Process Reengineering: A Design Perspective
Guest Editors: Zahir Irani, Vlatka Hlupic, and George Giaglis

Business-Process Reengineering: A Design Perspective ..... *Zahir Irani, Vlatka Hlupic, and George Giaglis* 247

Creating a Fit Between BPR and IT Infrastructure: A Proposed Framework for Effective Implementation ..... *Majed Al-Mashari and Mohamed Zairi* 253
Business Process Versus Coordination Process in Organizational Change ..... *Hee-Woong Kim* 275
A Benchmarking Method for Business-Process Reengineering and Improvement ..... *Srinivas Talluri* 291
Reengineering an Information System: A Case Study in Risk Reduction ..... *Steve Clarke, Tony Elliman, and Brian Lehaney* 305
An Intelligent Tool for Process Redesign: Manufacturing Supply-Chain Applications ..... *Mark E. Nissen* 321
Empirical Testing of a Leadership and Planning Model for Reengineering Business Processes ..... *Zahir Irani and Erwin Rausch* 341
Contributing Authors 359
Instructions to Authors 365
